

## Announcing the Crossroads and Connections Exhibition from the National Library of Israel – June 15, 2023

---

Dear Friends,

Last summer we took a survey to help identify needs and preferences of our synagogue community. Strong interest was expressed in rotating exhibits of Jewish and community interest. While we are not yet prepared to house a rotating exhibit within our building, we are able to share an excellent virtual exhibition.

The Walnut Street Synagogue is pleased to partner with the National Library of Israel (NLI) and NLI-USA to present the ***Crossroads and Connections*** virtual exhibition. The NLI is home to the intellectual and cultural treasures of Israel and the Jewish people worldwide. They have recently embarked on a visionary journey of renewal, including a wide range of initiatives to expand their collections and make them available to audiences worldwide. As part of this initiative, and in celebration of Israel's 75th anniversary year, NLI presents this exhibition of 18 highlights from their collection which represent cultural and religious creativity in Israel past and present.

Two alternatives are available to access the exhibition - video format and digital format which includes images of each item and additional links to relevant resources. Please follow the link below for more information and for access to the exhibition.
